

# MySuccess Graphic Designer Professional Course

## INTRODUCTION

They say 'Proof is in the pudding'. Well, prospective designers now have the opportunity to show the design industry that they're serious about scoring their dream design career. The bar is high and true talent can finally shine. Become an advanced user of the four most important software applications in the Graphic Design world - Photoshop, Illustrator, InDesign and Adobe Acrobat Pro.

Certificates will get you an interview but a first class portfolio will help you score the design career you've been aspiring for. Throughout this unique study programme, you'll focus on building a remarkable portfolio and by the time you reach the end of this worldwide recognised study programme, you'll have assembled a wide range of art and design projects from which you can gather and present your best work. Good is fine but great is better.
